This program is among the highest-rated Harvard Medical School CME courses

Under the direction of
John D. Goodson, MD
Jane S. Sillman, MD

Specialists can rely on this program for updates in general internal medicine that impact day-to-day practice, clinical decisions, and patient care

Updates for:
- Potential adverse interactions between drugs prescribed by you and by others
- Current guidelines and management strategies for diabetes, cardiovascular disease, lipid disorders, hypertension, chronic lung disease, sleep disturbances, cognitive decline, chronic pain
- Clinical examination techniques: back, shoulder, the dizzy patient
- Up-to-date interventional therapies in cardiovascular medicine
- How your clinical decision-making impacts care provided by others
- New evidence-based screening and prevention practices

January 29 - February 2, 2018
Boston, Massachusetts
Fairmont Copley Plaza

Earn up to:
- 36.50 AMA PRA Category 1 Credits™
- 6.00 credits of Risk Management Study

Register by December 15, 2017 to save $100
Register at GIMS.HMSCME.com
Dear Colleague,

We understand that as a specialist, you must keep your knowledge of general medicine current, especially with clinical practice in relevant disciplines outside of your field of expertise. Whether you are a psychiatrist or pathologist, cardiologist or rheumatologist, surgeon or hospitalist, you can rely on this course for updates in general medicine that impact day-to-day practice, clinical decisions, and patient care.

We have designed the curriculum for General Internal Medicine for Specialists to provide broad and inclusive content ranging from clinical controversies to specific new and innovative therapies. In this program, we will be providing updates in several areas including:

- Potential adverse interactions between drugs prescribed by you and by others
- Addressing comorbidities that are commonly seen outside of your specialty
- Current guidelines and management strategies for diabetes, cardiovascular disease, lipid disorders, hypertension, chronic lung disease, sleep disturbances, cognitive decline, chronic pain
- Clinical examination techniques: back, shoulder, the dizzy patient
- Up-to-date interventional therapies in cardiovascular medicine
- How your clinical decision-making impacts care provided by others
- New evidence-based screening and prevention practices

Together with Harvard’s leading clinical faculty — representing more than 30 fields of medicine — we have created an educational program expressly for specialists. The updates are relevant, and delivered by faculty who succinctly and effectively summarize information and couple it with recommendations for incorporating it into practice.

We hope you will join us.

John D. Goodson, MD                 Jane S. Sillman, MD
Enhance and update your knowledge of general internal medicine
Whatever your specialty, you need a working knowledge of current internal medicine practice standards, an understanding of treatments and interactions, and a familiarity with the work of your colleagues. Designed to meet the needs of the full range of specialists, General Internal Medicine for Specialists provides focused updates and covers a vast amount of information efficiently and effectively.

The 2018 program provides updates for:
- Ischemic heart disease
- Antibiotic use in office practice
- Hepatitis
- Reducing fractures
- Stroke
- Chronic obstructive lung disease
- Diabetes management
- Women’s health
- Anticoagulation
- Endocrinology
- Dizziness
- Cognitive decline
- Preoperative evaluation
- Congestive heart failure
- Common eye problems
- Diseases of the foregut
- Lower back pain
- Breast cancer
- Differential dx of polyarthritis
- Cost-effective radiology
- IBS and IBD
- Atrial fibrillation
- Lipid management
- Dermatology
- Osteoporosis management
- Asthma
- Renal medicine
- Anemia
- Basic orthopedics
- Antiplatelet agents
- Sleep disorders
- ENT
- Managing obesity
- Headaches
- Allergy medicine
- Thyroid problems
- Hypertension
- Cancer screening
- Non-opioid pain management
- Opioid use in medical practice

Elevate your practice with state-of-the-art advances and recommendations
You will take home relevant, up-to-date, and evidence-based strategies and tools to improve your patient care.

Learn from the best clinical faculty at Harvard Medical School
Our program is led by current, expert practitioners and committed teachers, each with significant experience both in the care of patients and in presenting to colleagues.

Harvard Medical School Faculty

Meridale V. Baggett, MD  Assistant Professor of Medicine
Matt T. Bianchi, MD, PhD  Assistant Professor of Neurology
Joanne Borg-Stein, MD  Associate Professor of Physical Medicine and Rehabilitation
Rebecca C. Burch, MD  Instructor in Neurology
Raymond T. Chung, MD  Assistant Professor of Medicine
Gilbert H. Daniels, MD  Professor of Medicine
Benjamin T. Davis, MD  Assistant Professor of Medicine
Akshay S. Desai, MD  Associate Professor of Medicine
Laurence M. Epstein, MD  Professor of Medicine
Christopher H. Fanta, MD  Professor of Medicine
Robert P. Friday, MD, PhD  Instructor in Medicine
John D. Goodson, MD  Associate Professor of Medicine
Galv V. Henderson, MD  Assistant Professor of Neurology
Eric M. Isselbacher, MD  Associate Professor of Medicine
Kunal Jajoo, MD  Assistant Professor of Medicine
Ramin Khorasani, MD, MPH  Professor of Radiology
Scott Kinlay, MBBS, PhD  Associate Professor of Medicine
Daniela Kroshinsky, MD, MPH  Associate Professor of Dermatology
Nancy B. Kurtz, MD  Instructor in Medicine
James A. MacLean, MD  Assistant Professor of Medicine, Part-time
David M. Nathan, MD  Professor of Medicine
J. Cari Pallais, MD, MPH  Assistant Professor of Medicine
Claudia U. Richter, MD  Instructor in Ophthalmology, Part-time
Rachel P. Rosovsky, MD  Instructor in Medicine
Martin A. Samuels, MD  Miriam Sydney Joseph Professor of Neurology
Jane S. Sillman, MD  Assistant Professor of Medicine
Barbara L. Smith, MD, PhD  Associate Professor of Surgery
David J. R. Steele, MD  Assistant Professor of Medicine
Lisa B. Weissmann, MD  Assistant Professor of Medicine

Guest Faculty

Andrew E. Budson, MD  Professor of Neurology, Boston University School of Medicine
Thomas J. Gill, MD  Chairman, Department of Orthopedics, St. Elizabeth’s Medical Center; Director, Boston Sports Medicine and Research Institute
R. William Mason, MD  Boston University School of Medicine; Otolaryngology, Department of Surgery, Faulkner Hospital
This course has helped me better understand medication choices being implemented by primary care physicians and when I need to ask for medication changes based on what I need to prescribe.

I remain impressed by the quality of all the speakers and their dedication to presenting current information on their topic and making it clinically relevant for me.

After the course, I became the leader of the team of anesthesiologists at my hospital. The course content will be shared with my group to improve our clinical routines.

I can now do a more judicious assessment of a patient’s medication regimen in conjunction with my prescribing behavior.

I am a geriatric psychiatrist…. I found the guidelines for hyper/hypothyroid, Vitamin D, B12 deficiencies and anemia helpful and will incorporate these into my practice.

In emergency medicine, we tend only to look at the acute complaint, but after attending this course, I take much more into consideration when examining my patients.

Having such gifted clinicians interacting and teaching us is an exceptional experience and so is the presence of so many dedicated physician “students” from different states and countries, learning together.

My updated knowledge of obstructive sleep apnea, cardiovascular disease, and diabetes has been incorporated into the surgical and non-surgical management of my orthopedic patients.

As a result of this course, my approach to pain management has become more sophisticated.

The quality of the course encourages me to further renew my knowledge of Internal Medicine as it is essential to my own specialty.

The philosophy of health promotion and the balanced presentation of the evidence for interventions was particularly helpful.

I just loved the whole course. It got me back in touch with my medical core skills.

**WHO SHOULD ATTEND**

- Physicians
- Surgeons
- Nurse Practitioners
- Advanced Practice Nurses
- Physician Assistants

Specialists from all disciplines can rely on this program for updates in general internal medicine that impact day-to-day practice, clinical decisions, and patient care.

---

**ACCREDITATION**

**ACCREDITATION COUNCIL FOR CONTINUING MEDICAL EDUCATION**
Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of 36.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

**AMERICAN ACADEMY OF FAMILY PHYSICIANS**
Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

**RISK MANAGEMENT**
This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 6.00 credits of Risk Management Study. This includes 3.00 credits of Opioid Education and Pain Management Training. Please check your individual state licensing board requirements before claiming these credits.

**CANADIAN ACCREDITATION**
The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

**EUROPEAN ACCREDITATION**
Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert AMA PRA Category 1 Credit™ to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting AMA PRA Category 1 Credits™ to ECMECs® can be found at: www.eaccme.eu.

Tuition includes continental breakfast, morning and afternoon refreshments, and a special reception on Tuesday evening, January 30.

All attendees of Updates in General Internal Medicine for Specialists 2018 will receive a flash drive containing course materials. You can purchase a printed copy of these materials at the time of registration for $50, or on site at the course for $90.

REGISTRATION, PAYMENT, CONFIRMATION AND REFUND POLICY

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at GIMS.HMSCME.com.

At the end of the registration process, a $5 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check (draft on a United States bank), the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation from the HMS GCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of $75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. “No shows” are subject to the full course fee and no refunds will be issued once the conference has started.

QUESTIONS?
Call 617-384-8600 Monday-Friday 9am – 5pm EST or e-mail CEPrograms@hms.harvard.edu.

VENUE
Fairmont Copley Plaza
138 St. James Avenue
Boston, Massachusetts 02116
617-267-5300

ACCOMMODATIONS
A limited number of discounted rooms¹ have been reserved at Fairmont Copley Plaza until January 3, 2018, or until sold out. You can call the hotel directly to make a room reservation: 617-267-5300. Please specify that you are enrolled in this activity in order to request the reduced room rate. You can also make your discounted reservation online by January 3 by going to https://GIMS.HMSCME.com/Venue and clicking on the dedicated reservation link.

¹Please note that the discounted rooms may sell out before the deadline.

Please do not make non-refundable travel arrangements until you have received an email from our office confirming your paid registration.
